

FOCUS FORWARD

“What do you see?”

It is important that each of us answer that question. It seems that every moment the world around us is changing – sometimes in split seconds.

We can’t flash forward in time, but we can ***FOCUS FORWARD*** and keep our hearts and minds centered on a glimpse or a vision of a future that may or may not come to fruition, depending on the will and the desire of God.

Before us in this year of 2010 lies a series of great adventures based on the biblical mandate of reaching our community and our world with the love of Christ.

We are the light bearers, called to catapult a consciousness of God into a world paralyzed by fear and a hopeless tomorrow.

Only time will tell whether we will achieve our goals and lead people to escape their destiny of an eternity separated from God when their world blacks out.

FOCUS FORWARD has three elements:

1. It is a global phenomenon, meaning that every people group on the planet may be affected by your obedience to the call of Christ.
2. It is thought provoking in that it poses some intriguing questions.
 - If you could see your eternal destiny, would you do whatever it takes to change it?
 - You can run, but you cannot escape what’s coming.
3. It contains a great mystery. Everyone must face the consequences of what they see or fail to see.

FOCUS FORWARD is an epic adventure. 2010 is a year that begins just like every other year, but holds the potential to be the year that changes everything.

What do you see?

FOCUS FORWARD

2010

What do you see?

Forgetting those things which are behind, and reaching forth unto those things which are before, I press toward the mark for the prize of the high calling of God in Christ Jesus.

Philippians 3.13-14
